

ERIC WORRE S FOUR QUESTION CLOSE Updated Version

Eric Worre's Four Question Close

Introduction

Eric Worre's Four Question Close is a powerful sales and recruiting technique widely recognized in network marketing, direct sales, and sales training circles. Developed by Eric Worre, a renowned figure in network marketing education and author of the bestselling book *Go Pro*, this closing strategy emphasizes the importance of asking the right questions to guide prospects toward making a decision. Unlike traditional sales pitches that often focus on persuasive persuasion, Worre's approach uses targeted questions to help prospects recognize their needs and see the value of joining or purchasing. This method not only increases closing rates but also fosters trust and empowers prospects to make confident choices.

In this article, we will delve deeply into the concept of Eric Worre's Four Question Close, exploring its principles, the rationale behind each question, how to effectively implement it, and how it can transform your sales or recruiting conversations into more successful and ethical interactions.

The Philosophy Behind the Four Question Close

Why Questions Are Effective in Sales

Questions are a fundamental tool in sales because they engage prospects actively, stimulate their thinking, and help uncover their true needs and objections. When a salesperson asks questions, it shifts the focus from a monologue to a dialogue, making the prospect more receptive and involved.

The Goal of the Four Question Close

The primary goal of Worre's method is to lead prospects to self-realization about their needs and the benefits of taking action, whether that means joining a network marketing team or purchasing a product. Instead of pushing or convincing, the Four Question Close guides prospects through a thought process that naturally results in their decision.

Ethical Selling and Building Trust

A key aspect of Worre's approach is maintaining integrity. By asking questions rather than making

aggressive pitches, salespeople build trust and credibility. This method aligns with the idea that people buy from those they trust and who understand their needs.

The Four Questions Explained

Overview of the Questions

The Four Question Close consists of four strategic questions designed to lead the prospect toward a decision:

- "Do you see how this could benefit you?"
- "Are you open to trying this out?"
- "What would it take for you to get started?"
- "Are you ready to move forward?"

These questions are simple but profound. Each one serves a specific purpose in the decision-making process.

Deep Dive into Each Question

- Do You See How This Could Benefit You?

Purpose

This question aims to help the prospect visualize the value or benefits of the opportunity or product. It encourages them to reflect on how what you're offering aligns with their needs, desires, or problems.

How to Use It Effectively

- Highlight key benefits during the conversation beforehand.
- Wait for the prospect's response and listen carefully.
- If they see the benefit, it builds momentum; if not, you can clarify or address concerns.

Common Responses

- "Yes, I see how it could help."

- ?Not really, I?m not sure.?
- ?I need to know more.?

Handling Objections

If they?re unsure, ask follow-up questions to understand their doubts and provide additional clarity.

- Are You Open to Trying This Out?

Purpose

This question assesses their willingness to take the next step. It shifts the focus from whether they see value to whether they are open to exploration.

How to Use It Effectively

- Present the opportunity as an easy or low-risk trial.
- Emphasize that trying doesn?t mean committing long-term immediately.
- Create a sense of possibility and openness.

Common Responses

- ?Yes, I am open.?
- ?I need to think about it.?
- ?No, I?m not interested.?

Handling Resistance

If they?re hesitant, explore their reasons and provide reassurance or address misconceptions.

- What Would It Take for You to Get Started?

Purpose

This is a pivotal question that encourages prospects to articulate what they need, whether it?s more information, time, or a specific support. It also prompts them to consider their own readiness.

How to Use It Effectively

- Listen carefully to their conditions or requirements.
- Offer solutions or support to meet these needs.
- Avoid pressuring; instead, facilitate their path to action.

Common Responses

- ?I need more information.?
- ?I want to talk to my spouse.?
- ?I need to save some money first.?

Turning Their Conditions Into Action

Use their responses to tailor your follow-up, making it easier for them to say ?yes.?

- Are You Ready to Move Forward?

Purpose

This final question is designed to confirm their decision and prompt commitment. It assumes that they have considered the benefits, are open, and know what they need.

How to Use It Effectively

- Ask confidently but non-aggressively.
- Be prepared to handle any last-minute objections.
- If they're not ready, explore what's missing and plan your next steps.

Common Responses

- ?Yes, I'm ready.?
- ?No, I need more time.?
- ?I'm still not sure.?

Next Steps Based on Response

- If ?yes,? facilitate the onboarding or purchase process.
- If ?no,? schedule a follow-up or address remaining concerns.

Implementing the Four Question Close in Your Sales Process

Preparation

- Know your product or opportunity thoroughly.
- Understand your prospect?s needs and background.
- Practice asking these questions naturally and confidently.

Building Rapport First

Before deploying the Four Question Close, establish rapport through active listening, genuine interest, and rapport-building techniques. This creates a safe environment for honest responses.

Customizing the Questions

While the core questions remain the same, tailor the language to suit your style and your prospect?s situation. Personalization increases effectiveness.

Handling Objections and Hesitations

Anticipate common objections and develop responses that align with Worre?s ethical approach. Use objections as opportunities to explore further rather than to dismiss.

Follow-up Strategies

If a prospect isn?t ready to move forward, use their responses to plan a strategic follow-up. Respect their pace and continue nurturing the relationship.

Benefits of Using the Four Question Close

Increased Closure Rates

By guiding prospects through a logical process, this method often results in higher closing percentages.

Builds Trust and Credibility

Asking questions rather than pushing offers a respectful and ethical approach.

Empowers Prospects

Encourages prospects to make decisions based on their own insights rather than pressure.

Long-term Relationship Building

This technique fosters a positive experience, leading to repeat business and referrals.

Common Mistakes to Avoid

Rushing the Process

Trying to rush through the questions can undermine trust. Allow prospects time to think and respond.

Not Listening Actively

Failing to listen carefully can cause you to miss cues or misunderstand objections.

Using the Questions Mechanically

The questions should be asked naturally, not as a script. Authenticity is key.

Ignoring the Prospect's Responses

Always adapt your approach based on their answers. Ignoring their responses can derail the process.

This method distills the art of closing into a simple yet highly effective set of inquiries that guide prospects toward making confident decisions. Understanding and mastering this technique can elevate your sales conversations, increase your conversion rates, and help you build a sustainable network.

Introduction to Eric Worre's Four Question Close

Eric Worre, a renowned network marketing expert, emphasizes the importance of asking strategic questions to lead prospects toward commitment. Unlike high-pressure tactics or scripted pitches, his approach is centered on curiosity, understanding, and guiding the prospect through their thought process.

The Four Question Close is designed to:

- Clarify the prospect's needs and objections
- Address concerns proactively
- Build trust and rapport
- Move the conversation toward a decision

This method is especially effective because it transforms a sales pitch into a dialogue, making the prospect feel heard and respected.

The Core Principles Behind the Four Question Close

Before diving into the questions themselves, it's crucial to understand the foundational principles that underpin this approach:

- Ask, Don't Tell: The process relies on asking questions rather than delivering monologues. This keeps the prospect engaged and allows you to uncover their true motivations and objections.
- Listen Actively: Pay close attention to the answers. Listening provides insights into their mindset, fears, and desires.
- Empathize and Validate: Show understanding and empathy for their concerns, which fosters trust.
- Guide, Don't Push: Use their responses to gently guide them toward seeing the value, rather than forcing a decision.

Deep Dive into Each Question

The Four Question Close is not just a sequence of inquiries; it is a strategic conversation flow. Let's analyze each question in detail:

1. "What's holding you back?"

Purpose: To identify objections, fears, or uncertainties that prevent the prospect from moving forward.

Why it works:

- It invites honesty by asking an open-ended question.
- It uncovers hidden objections that might not surface otherwise.
- It demonstrates your genuine interest in understanding their perspective.

How to ask effectively:

- Use a sincere tone, ensuring you're not sounding confrontational.
- Avoid leading or judgmental language.
- Be prepared for candid responses, which may include fears of failure, time constraints, financial concerns, or skepticism.

Addressing responses:

- Validate their feelings.
- Clarify any misconceptions.
- Offer reassurance or solutions tailored to their concerns.

Example responses:

- "I'm worried I don't have enough time."
- "I'm not sure if this will work for me."
- "I don't want to risk my money without knowing more."

2. "What would it take for you to get started?"

Purpose: To understand their ideal conditions and what they need to feel comfortable proceeding.

Why it works:

- It shifts the focus from barriers to solutions.
- It prompts the prospect to visualize success.
- It reveals specific actions or commitments they're willing to make.

How to ask effectively:

- Frame it as a collaborative question.
- Be attentive to their expectations or requirements.
- Avoid sounding pushy; instead, be supportive.

Addressing responses:

- If they mention specific conditions ("I need to think about it," "I need to discuss with my

spouse?), acknowledge those needs.

- Offer options or adjustments that can help meet their criteria.
- Use their answer to tailor your follow-up or proposal.

Example responses:

- ?I need to see some more proof that this works.?
- ?I want to start part-time and see how it goes.?
- ?I need a bit more training before I begin.?

3. "What's your next step?"

Purpose: To determine whether the prospect has a clear plan or if they have taken any action.

Why it works:

- It encourages accountability.
- It highlights any gaps in their process.
- It prompts them to articulate their intentions, making their commitment more concrete.

How to ask effectively:

- Use a gentle, encouraging tone.
- Avoid making the question seem accusatory.
- Be prepared to help them define actionable steps.

Addressing responses:

- If they have a plan, reinforce it and ask how you can support.
- If they're unsure or haven't taken any steps, explore what might be holding them back.
- Offer guidance or resources to help them move forward.

Example responses:

- ?I plan to speak with my spouse tonight.?
- ?I want to attend the next training session.?

- ?I need to fill out the form first.?

4. "Are you ready to get started?"

Purpose: To gauge their readiness and secure a commitment.

Why it works:

- It's a direct, yet gentle, invitation to take action.
- It gives the prospect the opportunity to say yes or express reservations.
- It moves the conversation toward closure or further clarification.

How to ask effectively:

- Present it as an option, not a demand.
- Be comfortable with silence or a pause for their response.
- Respect their decision, whether yes or no.

Addressing responses:

- If ?yes?: Celebrate their decision, outline next steps, and express enthusiasm.
- If ?no?: Ask if they have lingering questions or concerns, and offer to revisit later.

Example responses:

- ?Yes, I'm ready to start.?
- ?Not yet, I need more time.?
- ?I think I need to think about it some more.?

Practical Application: Conducting the Four Question Close

Implementing this technique requires practice and genuine intent. Here are steps to effectively integrate it into your sales conversations:

- Build Rapport First: Establish trust and openness before diving into the questions.
- Use Open-Ended Questions: Encourage detailed responses rather than yes/no answers.

- Listen Attentively: Focus on their words, tone, and body language.
- Respond Empathetically: Validate their feelings and show understanding.
- Guide the Conversation: Use their answers to steer toward the next appropriate question.
- Be Patient: Don't rush; give them time to articulate their thoughts.
- Practice Regularly: Role-play with colleagues or friends to refine delivery.

Common Challenges and How to Overcome Them

While powerful, the Four Question Close can present challenges. Here's how to handle some common hurdles:

- Prospect Hesitation: If they're hesitant, revisit their objections, and offer solutions. Sometimes, more rapport-building is needed.
- Resistance to Asking Questions: If they seem uncomfortable, reassure them that this is about helping them make the best decision.
- Not Getting Clear Answers: Ask follow-up questions for clarity. For example, "Can you tell me more about that?" or "What specifically is holding you back?"
- Closing Without Pressure: Always respect their pace. If they're not ready, schedule a follow-up instead of pushing for immediate closure.

Benefits of Mastering the Four Question Close

Adopting this method offers numerous advantages:

- Increased Conversion Rates: Asking the right questions uncovers objections early, enabling effective resolution.
- Enhanced Trust and Credibility: Genuine curiosity and active listening foster stronger relationships.
- Better Qualification: You identify serious prospects versus those who are just browsing.
