Who Was Dolores Cannon?

Before delving into her insights about the afterlife and the space between lives, it is essential to understand Cannon's background. Born in 1931 in Arkansas, Dolores developed an interest in hypnosis early on. Over decades, she refined her techniques, developing a unique form of hypnotherapy known as Quantum Healing Hypnosis Technique (QHHT). Her work led her to explore past lives, karmic patterns, and the nature of consciousness.

Cannon authored numerous books, including The Convolutioned Universe series, Between Death and Life, and Keepers of the Garden. Her interviews with countless clients under deep hypnosis often revealed detailed accounts of the soul's journey after death, reincarnation cycles, and the transitional states that occur between lives.

Understanding the Between Life State: Cannon's Perspective

What Is the Between Life State?

According to Dolores Cannon, the 'between life' state refers to a non-physical realm or dimension where the soul resides after physical death and before reincarnating into a new life. She described it as a highly organized, intelligent, and benevolent space where souls review their past experiences, select future lessons, and prepare for the next incarnation.

This state is not merely an empty void but a rich, vibrant environment filled with guides, loved ones,

and a greater understanding of the soul's purpose. Cannon emphasized that this space allows for reflection, healing, and planning, serving as a crucial phase in the soul's evolutionary journey.

Key Features of the Between Life Realm

- Existence in a Non-Physical Form: The realm exists beyond space and time, characterized by pure consciousness and energy.

Methodology: How Dolores Cannon Explored the Between Life State

Quantum Healing Hypnosis Technique (QHHT)

The process involves:

- Pre-session interview to understand the client's background and questions.
- Guided relaxation to induce a deep trance state.
- Prompting the client to access past lives and the between life realm.
- Asking specific questions to uncover details about the soul's journey, purpose, and future plans.
- Post-session debrief to interpret insights and experiences.

Cannon claimed that through this method, she could access detailed, verifiable information that transcended normal memory recall.

Interviews and Data Collection
